

-----TEST LOG-----
Validating Data Software

Date of Software Test: Jan 28, 2023

Name of Software Tester: Mohammad Anwar

Program Design:

- Ability to make a post
- Ability to view posts
- Ability to all users' data
- Ability to add your own data

// Test log didn't require fixes, because I test with random inputs while I program

// The test log is something I do after, to ensure that I can handle *weird* data

Your Data: Age			
The user must enter an integer			
INPUT DATA	EXPECTED OUTPUT	GENERATED OUTPUT	REQUIRED FIXES MADE
hi	Program loops	Program looped	
17645	Program progresses	Program progressed	
Really Cool	Program loops	Program looped	
Your Data: Income			
The user must enter an integer			
INPUT DATA	EXPECTED OUTPUT	GENERATED OUTPUT	REQUIRED FIXES MADE
apple	Program loops	Program looped	
54356	Program progresses	Program progresses	
BANANA	Program loops	Program looped	
Your Data: Your First Name			
The user must enter a String with one word only			
INPUT DATA	EXPECTED OUTPUT	GENERATED OUTPUT	REQUIRED FIXES MADE
computer	Program progresses	Program progressed	
zoo oolist	Program loops	Program looped	
h e l l o	Program loops	Program looped	
Harry	Program progresses	Program progressed	
Your Data: Your Last Name			
The user must enter a String with one word only			
INPUT DATA	EXPECTED OUTPUT	GENERATED OUTPUT	REQUIRED FIXES MADE
Anwar	Program progresses	Program progressed	
Mohammad	Program progresses	Program progresses	
h e l l o	Program loops	Program looped	
Potter	Program progresses	Program progressed	
-500 00	Program loops	Program looped	
Lolli pop	Program loops	Program looped	

Your Data: # of posts you've made The user must enter an integer			
INPUT DATA	EXPECTED OUTPUT	GENERATED OUTPUT	REQUIRED FIXES MADE
3.124	Program loops	Program loops	
-65.25	Program loops	Program looped	
9800	Program progresses	Program progressed	
29249AAAAAasda sdaas	Program loops, remains in stage 5	Program looped	
3420020	Program progresses	Program progressed	
negative six	Program loops	Program looped	
-54g40	Program loops	Program looped	
Your Post: One Word to Describe Post The user must enter a String with one word only			
INPUT DATA	EXPECTED OUTPUT	GENERATED OUTPUT	REQUIRED FIXES MADE
)_OLOLOLIJS	Program progresses	Program progressed	
omn i asks	Program loops	Program looped	
90 90 90	Program loops	Program looped	
Palace_Beautiful	Program progresses	Program progressed	
Your Post: Image URL The user must enter a String with one word only			
INPUT DATA	EXPECTED OUTPUT	GENERATED OUTPUT	REQUIRED FIXES MADE
https://lol.lol	Program progresses	Program progressed	
htps://lol.lol	Program loops	Program looped	
hsts://hs.st	Program loops	Program looped	
https://fakeimage.pl	Program progresses	Program progressed	
Your Post: Image URL The user must enter a String with one word only			
INPUT DATA	EXPECTED OUTPUT	GENERATED OUTPUT	REQUIRED FIXES MADE
Johnathan	Program progresses	Program progressed	
Mo Anwar	Program loops	Program looped	
Rocky Fountain	Program loops	Program looped	
Plumber	Program progresses	Program progressed
